

SEAT ABACUS BRONZE

■ Product description

A modern, folding stadium chair that combines functionality, modernistic design, simple design and exceptional ergonomic values thanks to the use of the original construction solution. The model is offered in many variants enabling arrangement of standard, VIP stands as well as press seats. The chair takes up very little space after folding the seat. This is one of the most compact models on offer.

■ Additional information

The seat and backrest are made of colored polypropylene, which makes the colors more intense and does not fade under the influence of weather conditions. Tests confirm that this applies to the whole range of colors. Chairs are durable and can serve fans for many years.
