

GYMNASTIC BAR - WALL AND SOCKET MOUNTED

■ Product description

Gymnastic bar with 1 exercising field, bar height adjustment every 10 cm, mounted in the socket and in to the wall. This product consists of: posts (square tubes 80x80 mm), gymnastic bar (rod with f30) and sockets (square tubes 90x90 mm) with floor frame and the masking cap. The posts are equipped with a special safety lock placed in the socket-manual tightening of the clamping mechanism. The range of the height adjustment is between 80 - 250 cm.

■ Additional information

Posts can be painted in any color from the RAL palette. Gymnastic bar is galvanized.
